

# Bay Ridge Pizza Restaurant and Caterers: 30 Years of Traditional Italian

**KEEP YOUR EYE ON THE SPINNING PIE:** Sal, Tony, Moses and Gaspar put on a display of authentic pizza making for Eddie The Eagle.

1978: Jimmy Carter was President, Reggie Jackson led the Yankees to a second straight World Series and "Saturday Night Fever" and "Grease" soundtracks were all over the radio.

Thirty years ago as well, at 7704 Fifth Avenue, two brave entrepreneurs brought their love of great Italian food to the kitchen of Bay Ridge Pizza Restaurant and Caterers. Those two gentlemen, Sal and Tony, have worked hard every day, using special family recipes straight from Italy.

With house favorites such as penne ala vodka with shrimp, baked clams and calamari combo, rigatoni bolognese and penne ala romano, pasta here is cooked up with true home Italian flavor.

Sal and Tony have now primarily

entrusted their family business to nephew Gaspar, who has gone all out to keep the restaurant and catering portions of the business at an extremely high level, making it both family friendly and very affordable.

Now the chicken, veal, and seafood can be prepared almost any way you like, and not just with the regular side of spaghetti. Here you can get ravioli or baked ziti on a combo plate if you wish — that's hard to find in a lot of places without making a special request.

Certainly pizza cannot be ignored when it comes time to order. With over 30 different types of pizzas made fresh and ready for pickup or delivery, they have made a full meal for the family out of the simple traditional favorite. Might this be the night you

try a taco, chicken parmesan or salad pizza? Also on the menu are paninis, hot and cold heroes, appetizers, salads and so much more. A big favorite is the potato and eggs hero that is unbelievable. Made from a family recipe they wouldn't divulge, it was second to none.

Try it all over the next few weeks, you won't be disappointed. You can call (718) 680-5405 for free home delivery in Bay Ridge, Dyker Heights, or Bensonhurst.

Visit their web site at [bayridgepizza.com](http://bayridgepizza.com) or stop into this family friendly restaurant, and if the kids aren't with you, enjoy a glass of wine or a cold beer with your meal. You'll be experiencing a little taste of Italy when you do. Here's to thirty great years Sal and Tony!
